Christmas Tree Lighting Big Success

The District's annual Christmas Tree Lighting Ceremony held December 4th at Governor Fitch Park was a great success. Commissioners David Brown and newly elected Tim Plunkett estimated a record turnout as residents shared carols, cookies, and cocoa with their neighbors.

Lead singer Patty Quick of Deja Vu, the musical group that played at the tree lighting, sits on Santa's lap.

"This is one of my favorite events the District gives back to the public," said Brown. "This annual event gives the residents of East Norwalk a chance to share a good time with old friends and neighbors while making new ones." Plunkett added.

In remarks to the crowd, Plunkett also conveyed best wishes from Commissioner, Paul Coggin, who was unable to attend.

Before Reverend Doctor William A Davis, pastor of the Shiloh Baptist Church blessed the ceremony, Brown introduced Wilfredo Perez, Sr. whose son was killed in the Iraq war. Perez reminded the crowd about our young men away from home fighting a war

this Christmas time and asked for a moment of silence.

Marylee, the morning show cohost on WEBE 108, was on hand to introduce Senator Bob Duff and newly elected Mayor Dick Moccia. Both addressed the crowd and offered their best wishes and holiday greetings. Also attending was State Representative Chris Perone and newly elected Common Councilmen Nick Kydes and Joann Romano.

East Norwalk Business Association president, Winthrop Baum addressed the crowd about a food drive for local pantries. "The Third Taxing District and East Norwalk business leaders have teamed up to help needy families in Norwalk," explained Baum. The collection box was filled to overflowing the night of the ceremony. Residents wanting to participate are asked to bring a monetary donation or a non-perishable food item to the District office at 2 Second Street. The District's Menorah lighting on December 26th will signal the end of the food drive.

Energy Star Lighting Catalog

Look for your personal copy of the Energy Star Lighting Catalog, which we will mail to you soon. We are all facing very high energy prices. The best way for you as individuals to combat these high prices is to conserve. The best and painless way to conserve electric energy is through replacement lighting. By converting your lighting fixtures from incandescent to fluorescent lights you will save both energy and money.

We at TTD are doing everything possible to save on the supply side of your electricity, now we want to help you to save on the demand side. In the coming months we will be aggressively working with you, our customers, to help you save energy and thereby save money on your electric bills.

Last summer we gave free replacement fluorescent light bulbs to our customers at our business office. Later this month we will mail the Lighting Catalog to each customer. This catalog has 31 pages of energy saving lights and fixtures that you may order at discount prices. Stay tuned for more energy saving programs to follow. Together we can fight back against high energy costs.
